CHOOSE *your own* STAMP ADVENTURE

MADE in the USA

No matter your stamping style or stamping needs, we've got you covered with three styles of stamps. All styles are made from superior materials in the USA and are beautifully packaged in DVD-style cases with stamp images on the spine for easy storage and quick reference.

Note: not all stamp sets are offered in all three styles; look for stamp style indicators next to stamp set descriptions throughout the catalogue. Unless otherwise noted, all stamps are shown at 100%.

CLASSIC *rubber*

Our classic rubber stamps offer detailed stamping in two different options: clear-mount and wood-mount.

CLEAR-MOUNT

One set of clear blocks works for all of your stamps.

Position stamps on clear blocks when you stamp, then remove for space-saving storage.

Several stamps can be placed on a single block for more creative combinations.

Sleek and modern blocks are made from clear acrylic for perfect placement (sold separately; p. 234).

WOOD-MOUNT

With stamps permanently mounted on blocks, they're always ready to go!

Each wood-mount set comes with a set of wood blocks—one block for each stamp.

Blocks are made from beautiful farmed maple.

photopolymer

Our photopolymer stamps offer precision alignment for alphabet, border, and large-text stamps.

Use one set of blocks for all of your stamps, which means less storage space.

Create your own stamping combinations by placing several stamps on a single block.

Clear stamps on clear blocks results in perfect placement while two-step stamping.

Stamps are bendable giving you even more creative possibilities with each set.

STAMPIN' BLENDABILITIES

Alcohol-based ink markers lay down blendable, dimensional color. Design your own color gradients, layer colors for depth, try one color or a bunch—how you use them is up to you!

"I have been a Copic user for many, many years and have yet to find an alcohol pen that I thought was as good. I've tried many brands, so naturally I was skeptical about the new ones from Stampin' Up! I could not believe how much I loved these pens! The blending is flawless and smooth. The fact that they match all of Stampin' Up!'s inks and cardstock is a great bonus, too. Honestly, these pens are every bit as good as a Copic!"
—Becky Fleck, editor-in-chief of *Scrapbook and Cards Today*

1. Stamp an image in Memento ink on Whisper White Cardstock.

2. Color a small area with the darkest color first.

3. Highlight with the medium color.

4. Finish off with the lightest color.

A Little Bit More
